ASSEMBLY INSTRUCTIONS

Product Size: (WxDxH) 200x90x75 cm

IMPORTANT: Before you start please read the instructions in full and keep for future references.

- Please periodically check all fittings and re-tighten as necessary.
- Upholstered furniture should not be exposed to direct sunlight for long periods.
- Please do not place your upholstery in direct contact with a strong heat source. Leave a 30 cm gap between upholstery and radiators.
- Please do not allow children to jump up and down on the upholstery.
- Avoid allowing pets on the upholstery as their claws may cause damage to the leather/fabric.
- Avoid sitting on the arms of the upholstery or on the front edge of the seat as this can compress the foam and damage the frame of your upholstery causing premature wear and distortion.
- Our sofas can be cleaned by using cold water and a neutral soap to remove stains. Always apply the treatment to a concealed area first
- Avoid rubbing, as this may damage the fabric's textured loops.
- Allow the cleaned area to air-dry completely. Avoid using heat or direct sunlight to speed up the drying process, as this may damage the fabric.
